ORDER:

His Excellency the Governor of Madras approves the proposals submitted by the Director of Industries of Commerce for the establishment of a Regional Sericultural Research Station for the Madras Province, at Kollegal. The Rearch Station will be run as a part of the All India Scheme for sericultural research and will form a separate unit in the Sericultural section under the control of the Sericultural Expert. The Research station will be placed under direct charge of a Research Officer possessing Special Aptitude for work in the research line and with experience in laboratory technique and he will be assisted by three assistant Research Officers--one for the mulbery and rearing side, one for the reeling side and another for the bio-chemical side. The research and experiments to be carries out at this station will be on the following broad heads:--

(i) Mulberry cultivation;

(ii) Sericulture including grainage work;

(iii) Reeling of raw silk including utilisation of by-products; and

(iv) General laboratory studies on subjects relating to diseases of silk-worm and mulberry, embryological studies in silk worms, soil Chemistry and Bacteriology and other allied subjects.

As the Central Sericultural Research station at Berhampore has its own Pathological and Biochemical sections to study silkworm diseases, the soil and the nutrient contents in the leaves produced all over India, the Government of India have suggested that this part of the Research work may be omitted from the scheme of work for the Research station

p.t.o.

at Kollegal. The Government consider that the study of silk worm diseases may be omitted from the scheme for the present but that it is necessary to retain the work of Bio-chemical section at the Research Station.

2. Sanction is accorded to a total non-recurring expenditureof Rs.2,40,500 (Rupees two lakhs forty thousand and five hundred only) and a recurring expenditure of Rs. 69,300 (Rupees sixty nine thousand three hundred only) per annum on the scheme as detailed in AnnexureI to this order. The staff sanctioned for the scheme are detailed in Annexure II and the other items of expenditure sanctioned for the scheme are detailed in Annexure III. In view of the prevailing high cost of buildings materials and labour, the Government direct that the expenditure on building schemes should be restricted to the absolute minimum requirements.

3. The entire expenditure on the scheme will be borne by the Government of India and the Government of Madras on a 50 : 50 basis. The Government of India have already sanctioned the following amounts towards their share of the expenditure on the scheme:--

(1)	Non-recurring	Rs.1,20,250.
(2)	Recurring	29,580 p.a.

As the revised recurring ~~xxx~~ expenditure on the scheme is estimated at Rs.69,300 p.a. consequent on the revised scales of pay and dearness allowance sanctioned by this Government the half share of the Government of India towards the expenditure on the scheme will amount to Rs.1,20,500 Non-recurring and Rs,34,650 recurring p.a..

4. The expenditure on the scheme will be debited to a new sub-head of account "M.M. Sericultural Research Station, Kollegal," under "43. Industries and Supplies Industries a. Industries". The Director of Industries and and Commerce is requested to suggest suitable sub-heads of appropriate in consultation with the Account General, Madras. The A.G. is requested to admit the expenditure in audit pending the provision of funds.

5. A report on the progress of the work done at the Research Station should be furnished to the Government of India in February every year. The Director of Industries and Commerce is requested to submit the report in duplicate in the first week of February every year for being forwarded to the Government of India. ~~The Director of Industries and Commerce is requested to~~

6. The Director of Industries and Commerce is requested to submitted draft ad hoc rules for the posts sanctioned for the Research station at a very early date.
